

Crystal News

This week the children have challenged themselves well! The maths and writing lengths are getting longer and harder but this does not deter the children of crystal class! In **Maths** we have still been covering our place value and we have started introducing 10 more 10 less and 100 more 100 less to three digit numbers. In **English** we are looking at non chronological reports and we have planned and are beginning to write our non-chronological reports! In **PE** on Mondays we are doing ball skills and invasion games with swift sports and on Thursdays we are doing English country dance and really enjoyed the music and dance style and this week we have looked at a dance routine and song. In **Science** we have been learning all about the skeleton and different bones in our bodies. I am so impressed with the children's attitude to learning and how creative they have been finding different ways to show this!

Clubs

My running club is currently full and there is a waiting list. I will put any names that have emailed onto the waiting list. Choir club is only years 5 and 6. If your child would like to be involved in dance and drama on a Wednesday you will need to contact myself or the office.

Important notices

Snacks at break time – children can bring in fruit to have at break time or order toast from the office for morning break.

Spelling books and reading records are due every Friday.

Mathletics home learning is set each Friday to be completed by the following Friday.

Please be logging on to times table rock stars at home!

Newsletter 21.09.23
Have a lovely weekend. Miss Hurford.
