

# Crystal News

We have had an amazing week this week in Crystal class. We went on our Puxton Park trip and the children loved it! We got to see lots of different animals, hand feed them, hold them and learn how a working farm works. This was great for the children to see how this linked to the farm on George's Marvellous Medicine and make up their own Roald Dahl style rhyme about a farm. We were very lucky to have brilliant weather!

We have also been practicing for our Christmas performance as well as completing our Christmas decorations ready for the Christmas fair. In Art we have also created our final pieces that are inspired by the artwork of Jackson Pollock. They look great! We used our emotions to help us create our paintings. We have also been writing instructions on how to make our Christmas decorations in English. In Maths we have been focusing on missing number word problems and the children have been great at recognising how to solve these problems.

Have a lovely weekend. Miss Hurford

## **Important notices**

Christmas Performances - 5<sup>th</sup> December afternoon, 7<sup>th</sup> December morning.

Christmas jumpers to be worn on the Christmas lunch day (13<sup>th</sup>) and the final day of term (15<sup>th</sup>)
