

Crystal

In Crystal class this week we have been practicing our multiplication in maths, using different methods such as arrays, partitioning and grid method to figure out some bigger calculations. In English, we have started looking at leaflets and the timeline of Ancient Greece! We will be creating our own informative leaflets all about Greece! The children have also started learning Greek dancing in PE and they did this brilliantly, ask them to show you at home what steps they have learned this week. The music we used is Zorba the Greek. In Art we have been finding out all about Henry Matisse and learning about his style of art. In science, the children have been looking at the water transportation systems in plants ready to do an experiment next week!

Swimming is next week, please ensure the children have their swimming kit each day and for world book day make sure they can change in and out of their costume with ease and pack PE kit or a spare pair of clothes to change into after swimming.

Greek dance in PE this week

Key dates/notices coming up:

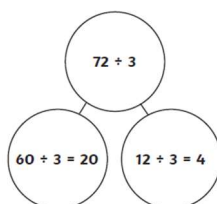

Miss Ali works on Wednesdays, Miss Hurford works Mon/Tues/Thurs/Fri, if you need to contact on a Wednesday, please contact Miss Ali or the school as it may not get picked up until Thursday.

Swimming lessons begin on the 4th of March

Coming up next week Learning focused

Persuasive texts in English, persuading someone to go to Greece and the language used.

Maths- a focus on dividing, we will be looking at dividing 2-digit numbers by 2,3,4,5,8. We will be looking at doing this mentally and written. EG:

Way to support at home (home learning)

Maths-multiplication and dividing two-digit numbers by 1-digit numbers-
for example

a) $66 \div 3 = \square$

Tens	Ones
