

Crystal Class News

23rd February 2018

Welcome to Crystal Class Newsletter:

On Thursday, it is World Book Day at Alexander Hosea. This children have an opportunity to dress up as one of their favourite characters from a book. I look forward to seeing all their amazing costumes.

This Week:

We are becoming journalists this week, looking at the features of a Newspaper article. The children have been learning about alliteration and how it is used in Headlines. In order to practise our alliteration, we have been writing our own tongue-twisters. The children have loved this and we even timed them to see how quickly they could say 'rubber baby buggie bumpers' three times. Feel free to try this and time yourselves at home. I managed to say it in 3.3 seconds... good luck.

In Maths, we have been learning about equivalent fractions. The children have done so well on this and we have even moved onto reasoning and problem solving. Try this for yourself:

$\frac{3}{4} = 12/?$ – What is the answer and how do you know?

We also received a visit from the road safety people. The children learnt how to safely cross a road as well as the importance of safety when riding a bike and sitting in a car.
