

Crystal News

It's been a very busy week with lots of different things going on! We started the week by joining year 4 for a rehearsal of the Christmas play. It was great to hear the story for the first time and practice our singing all together in the hall. PE has been gymnastics and this week we started to explore some of our apparatus to practice the floor work moves we have been developing.

With the Christmas fair next Friday we have been perfecting our DT skills! A huge thank you to Mrs Jones and Mrs Andrews for their patience with the Pom-Pom making and thankyou to all who donated wool and cardboard for the children to use! The Gonks are looking fabulous and are almost ready to sell!

The children have started writing Instructions in English and created their own games out of any material they could find. They then had to write the instructions for this game so that I could play them! Maths, we have been focusing on missing number problems in addition and subtraction. The children have memorised a rhyme to help them with this... see if they can remember it at home! We have also been creating some Art by making colour wheels that will help us to create our Jackson Pollock inspired Art piece.

Have a lovely weekend. Miss Hurford

Important notices

We have our Puxton Park trip next week! Please ensure the children bring a sensible bag as they will need to carry their own lunch and water bottles. Also ensure the children are prepared for all weather types and wrapped up warm as we will be mostly outside! Wellies can be brought however, a plastic bag will need to be provided for the way back!

Have a lovely weekend,

Miss Hurford
