

# Crystal News

This week in **Maths** we have been using our knowledge of column methods to solve word addition and subtraction problems. Over the week we progressed to look at tricky 2step problems, with some questions even including a mix of addition and subtraction! We have needed to read these carefully and really look for clue words to help us know what to do. In **English** we have been writing a chapter of our book, *Fantastic Mr Fox* applying our learning on inverted commas for speech. The children have particularly enjoying writing speech for Farmers Boggis, Bunce and Bean!

This week has been **anti-bullying week**. Mrs Williams launched our week with an assembly and we have been busy in the afternoons discussing and completing some activities around the theme, Bystanders and Making a noise. We have also celebrated **interfaith day** with online stories from representatives of different faiths and how they feel we can help to save the planet. In **Art** we continued our learning around paint and the artist Jackson Pollock. This week we explored a drip technique using pipettes to drip paint and move paint in our sketch books. We have been busy creating cube nets on Word ready for our Egg drop experiment in **DT**. Their challenge is to see who can protect their egg the best! We have continued to explore gymnastics and inventive games in our **PE** this week.

## Important notices

**Friday 24<sup>th</sup> Non uniform day**

**Please can children bring in a piece of cardboard/toilet roll tube each by Mon 20th Nov**
