

16th November 2018

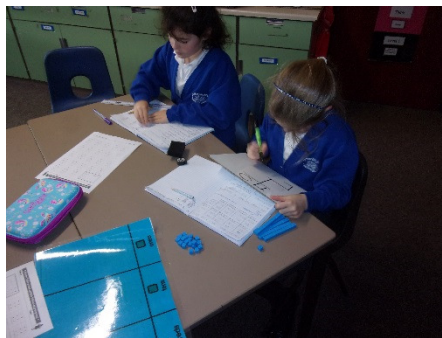

Crystal Class Newsletter

This week has been anti-bullying week. We have spent a lot of time talking about the impact of bullying on others and identifying behaviours that resemble bullying. The children have really engaged with these discussions and have carried out activities to support their understanding. If you would like any further information about bullying please refer to the Anti-bullying Alliance website <https://www.anti-bullyingalliance.org.uk/>, or our school website where the pupil council have created an anti-bullying leaflet.

In English, children have continued to use simple and compound sentences when writing their own stories and have been editing some of their work. They are looking forward to completing their stories and putting them into their own story book.

In maths, the children have been developing their skills in columnar addition and subtraction - working with two-digit and three-digit numbers. We will continue this over the next week.

The preparation for our year 3/4 Christmas production are coming along nicely. We have sent home the song words for the children to learn. Please could you encourage your child to practice them as often as possible - thank you.
