Crystal Class Newsletter

It has been a busy week in Crystal Class. The children have been finishing off their paintings ready to sell at the Christmas fair. They have also enjoyed making shortbread to sell, which look and smell delicious!

In English, children have been completing their animal story books. They have also looked at how to edit and redraft a piece of work. There will be an opportunity to share your child's story with them on the last day of term (please see details below).

In maths, the children have been developing their skills in borrowing and regrouping using column subtraction. They have completed calculations with two and three-digits and are beginning to master missing number problems involving these skills.

Thank you for your support with the home learning. It is lovely to see so many different approaches to the same task.

Dates for your diary
