

# Crystal

*This week in Crystal we have been super creative! With a focus on Mental health week, each morning the children have been completing activities to promote their mental health and understand how to better their health. We have also completed a session on safer internet week, where we spoke about how to stay safe online. It would be great if you can consolidate this at home. We have finished our science project and the children put on some lovely shadow puppet shows! They also had a great time creating their dragon eyes this week and they look amazing. They used skills such as coiling, manipulating and moulding to create their eyes. Everyone has commented how brilliant they are. We also got creative in gymnastics this week, we looked at how the children can move in between apparatus symmetrically and asymmetrically. In maths, we have been looking at adding and subtracting fractions with the same denominator and in English we have been writing a letter to the Edward Jenner Museum to thank them for our trip.*

*Our final gymnastics lesson of the term.*

*The children creating their shadow puppet shows.*

Key dates coming up:

20/2/24 Pancake day lunch.

Swimming lessons begin on the 4<sup>th</sup> of March

**Coming up next week**  
**Learning focused**

English – Introducing the Boy who grew dragons.

Maths- Four orders

Science- parts of a plant

**Way to support at home (home learning)**

English- Look at some leaflets with the children and look at their features.

Maths- simple addition and subtraction, times tables 3,4,8's. The works have some great themed workbooks!

Take a walk-in nature and look at different plants/trees that can be found at the moment.
