Diamond Class

Our learning :

DIAMOND DETECTIVES!

This week Diamond Class were faced with having to help uncover some buried ancient Egyptian artefacts within our school grounds . Filled with enthusiasm, they looked for clues which led them to unearthing the missing items in one of the vegetable beds. The treasure was wrapped in an old cloth and buried in a tin which still had some fingerprint evidence on it . The children then went onto proving that the jewellery was infact Egyptian by researching ancient Egyptian jewellery designs.

We hope to link this experience with writing newspaper articles which documents their real life experience this week .

Reminders:

- Looking forward to seeing you at Parent's Evening next week
- Homework due on 21st March

Mrs Moncrieff
