

10th June 2022

Year 4 Multiplication Check

We will be doing these in the next two weeks so keep up the practice at home!

Sports Day

What a fantastic day we all had. I was especially proud of some of the children in Diamond Class for showing courage and self-belief in themselves and others for showing real kindness to classmates.

Home Learning

This terms spellings are now on Google Classroom and I will be setting Mathletics every Tuesday. I will set a small home learning project once we have completed the multiplication check.
