Diamond Class

Our learning:

A round up in pictures of our week

Developing our leadership skills by helping Year 1 in their PE lesson. We divided into our house teams and we taught the younger children the skills they needed to be able to play French Cricket. At the end of the session we played a game between the houses.

In History, we have been researching Greek Gods and we have been allowed to present our learning in the style of Pokemon cards. We are very excited about this learning and we have yet to decide if we will eventually trade them or not.

We are still trying to complete our Japanese art in time for our project outcome.

Mrs Moncrieff
