Diamond Class Newsletter

Last week, we had a brilliant morning with Jungle Jonathon and his various rainforest animals including snakes, a millipede, a scorpion, a tarantula, a gecko, stick insects and katydids.

Coming up next week - Learning

In Maths this term we are focusing on place value, addition and subtraction methods and times tables. Next week we will be focusing on comparing and ordering 4-digit numbers and rounding to the nearest 10, 100 and 1000.

In English next week we will be focusing on using different conjunctions in sentences.

Way to support at home

Read at least 5 times a week. Please ensure reading is recorded in the reading record books each week. These will be checked on Fridays

TTRS – we will be learning our remaining times tables this year and as the Multiplication Check will take place in the summer, regular practise is vitally important. More information about the check will be shared at the Meet the Teacher meeting. We are currently working on the 3x table.
