Diamond Class Newsletter

This week we were introduced to George who is going to be our PWA leader for the programme this year .He introduced himself to us and also talked about some of the activities we would be doing over the year to achieve the Prince William Award. We then went outside and participated in two games ,one for problem solving and the other team work .

In order for you to have a chance to meet our PWA instructor and learn a little bit more, there will be a short meeting/ introduction at 9am next **Tuesday 9th October.**

Mrs Gee is very keen to start a knitting club to make some poppies with a possible view to selling them for charity. She is going to be using French knitting dolls for this and as we only have a few in school, she is asking if your child has one already, could they bring it into school. Any donations of red wool would also be gratefully received .Thank you

Spellings will continue to be tested on a Tuesday as we finish our PWA session by 11am. Next Tuesday I will be testing the ones that should have been this week – apologies.

Mrs Moncrieff
