

Opal Class News

27th September 2024

As you may be aware, it has been a slightly different week for the children of Opal class. Unfortunately, Mrs Hillier has been unwell and Miss Clark changed her days to the beginning of the week in order to cover her. Now that Mrs Hillier is feeling better, we should be back to normal next week. I am sure that the children will appreciate the normality again. This week, in English, we have been writing our stories based on 'The giant and the sea'. The children have adapted their stories to incorporate another type of mystical creature and some have changed the natural disaster. On the whole, the stories are looking great so far. In Maths, the children have learnt about negative numbers, prime numbers and learning to count in 10s, 100s and 1000s. In other learning, the children have been designing their Christmas cards and practising their song for the Harvest festival.

Key dates coming up:

Wednesday 2nd October – Harvest Festival.

Thursday 3rd October – Climate change workshop – in class.

Coming up next week
Learning focused

In Maths, we shall be learning factors of numbers which will lead us into looking at square and cubed numbers..

In English, we shall be investigating persuasive texts as the children will be preparing to write a persuasive speech in the coming weeks.

We have a climate change workshop on Thursday. The children can learn more in preparation for it, if they want to.

Continue with reading 5 x a week.
Mathletics and TTRS

Way to support at home (home learning)
