Diamond Class Newsletter

Some of our learning this week told through photos:

Bikeability cycle training

In PWA the children took part in activities which explored the need to have healthy bodies and minds. We learnt about Chinese New Year traditions from Naomi and Ben too.

DT – exploring the strength of bridges and trying to answer the question, “Can you make a paper bridge strong enough to carry the weight of a toy car?”

In preparation for our writing next week, we have been looking at the layout and content of newspapers and trying to create our own WAGOLLS.

Mrs Moncrieff
