Diamond Class Newsletter

In PE (dance) this term, we are creating Ancient Egyptian themed dances. Each week looks at a different aspect of Ancient Egyptian life. This week we were making sculptures.

In maths this week we have been looking at equivalent fractions and adding fractions with the same denominator.

In English, we have been writing diaries as if we were Howard Carter discovering the tomb of Tutankhamun.

Home learning

- Read at least 5 times a week
- Mathletics
- TTRS or other times tables practise. We will be completing another multiplication check practise on TTRS next week.
