

Diamond Class Newsletter

Welcome to Diamond Class

The children have made an excellent start to the new school year. This week they have focussed on getting to know each other by engaging in activities which have required them to work as a team. We have discussed class rules and explored how we will grow our gem learning powers.

Our project question is "Why make a difference?" and our environment is in the theme of wood and forests .

Our Wow Day was a real success and I was very impressed with all the many animals that turned up to school on Thursday! Thank you for your support with this. Here are some of our memories

Mrs Moncrieff
