Diamond Class

Our learning:

Early this week we took advantage of the sunny weather and went outside to create natural art sculptures in the style of Andy Goldsworthy . We started off by looking at a collection of his designs and discussed the key elements,patterns and themes which we could adapt in our own way . We chose our groups and worked collaboratively together to construct our designs - here are some of them

If you are feeling creative over half term and your children want continue with this learning, please take a picture of their "Andy Goldsworthy " inspired art and email it to me to share with the class .

Have a lovely half term!

Mrs Moncrieff
