Diamond Class Newsletter

Linking our Art and DT skills we have been working on lino prints of 'The Great Wave off Kanagawa' by Hokusai. These are now being printed onto fabric and we have been working on our sewing skills ready to make cushions. We will also be using tie dye to create the back piece of fabric for our cushions.

In maths, we have been learning short multiplication method to multiply 2 and 3-digit numbers by a 1-digit number. Next week we will be continuing to look at multiplication by learning about factor pairs before moving on to look at division.

$$\begin{array}{r} 439 \\ \times 3 \\ \hline 1317 \\ \hline 12 \end{array}$$

In English this week we have been focusing on grammar and have been looking at paragraphs and the use of apostrophes. We will be writing reports about orangutans using all of the information we have found out.

Home learning project:

A piece of rainforest project learning has been set on Google Classroom this week and is due in on Monday 11th December. If you are having any problems accessing Google Classroom, please let me know.

Home learning

- Read at least 5 times a week and record this in new reading record books. This will be checked every Friday. There is now a new incentive in place for reading 5 times a week. Every time that your child records 5 times a week reading they will be given a raffle ticket. These raffle tickets will all be placed into a box across the term and at the end of the term one ticket will be pulled out and this child will receive our new 'Reading Star' trophy which they can keep for the term.
- Mathletics – new activities, linked to the learning we have been doing in class, will be added every Monday afternoon.
- TTRS
