

Diamond Class Newsletter

08.09.16

Welcome back to school everyone ☺

Our project this term is "What would you protect?" which focusses on marine conservation. Over the summer, we have been busy constructing an under the sea immersive environment and the children have been exploring different areas within it to engage in their learning. Our value this term is ADAPTABILITY and the children have been adapting to our Year 4 routines and expectations. Your children are super collaborative learners and here are just a few pictures to document their first week in Year 4

Reminders:

- Please come to meet the Diamond Team next Friday after school where you will find out useful information to help you support your child's learning this year
- Children will need wellies and old clothes to change into for Tuesday as we plan to launch our WOW (which involves lot of water) weather permitting! Any donations of old plastic pipes, guttering and buckets will be gratefully received- thank you.

Mrs Moncrieff
