Diamond Class Newsletter

To start our revision on fractions, we read a maths book called 'Sir Cumference and the Fraction Faire'. In the story, the villagers go on a hunt for the largest fraction before ordering the various fractions they find. We replicated outside, searching for different fractions before putting ourselves in order using knowledge of equivalent fractions to help when the fractions had different denominators.

Key dates:

- Project sharing – Friday 18th July at 2:45pm

Coming up - Learning	Way to support at home
<p>In maths, we will be revising various fractions concepts.</p> <p>In English, we will be working on various grammar skills linked to our class book The Train to Impossible Places before writing diary entries in character.</p>	<ul style="list-style-type: none">- Read at least 5 times a week.- Mathletics- TTRS or other times tables practise.- Spellings
