

# Diamond Class Newsletter

21.06.19

**This week:**

**MATHS:** We have been learning about time with a focus on durations of time by solving calendar and timetable problems. Here are examples of the types of questions.

*A programme started at 10.15 and finished at 10.30 .How long was the programme ?*

*A train was running 10 minutes late and arrived at 11.20 .What time should it have arrived ?*

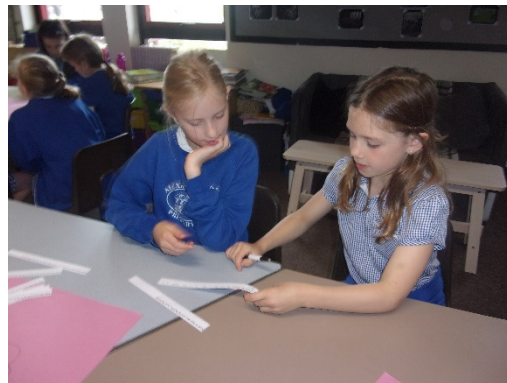

I have set Mathsletics home learning on the topic of time which will cover all the areas the children need to know so it would be advantageous if they completed this over the coming week- thank you .

## **Cross curricular – English and history**

We have been looking at the life and the influence Florence Nightingale had on nursing during the Crimean war. The children have been looking her autobiographical account via a video (BBC CLASS CLIPS) and hope to write this whilst applying their English grammar learning this week on complex sentences and the use of main and subordination clauses.

## **TEAM WORK – MAKING UP SENTENCES USING THE CONJUNCTIONS:**

***although ,even though, however, whilst ,because and despite***

Mrs Moncrieff
