

Diamond Class

31.01.20

We had an exciting morning on Tuesday this week when we learnt all about mummification and mummified each other! Each group completed all the required steps for mummification: removing the organs, washing the body, covering it in layers of 'linen' and performing rituals and placing amulets on top of the body for protection in the afterlife. We learnt a lot and had great fun! We will now be using the photos to help write explanation texts of the process.

Reminders:

- Festival of Youth Dance – Wednesday 12th February.
- Continue to practise times tables
- Read at least 5 x a week
- Mathletics homework
