

# Diamond Class Newsletter

We had a wonderful time at the Ashmolean Museum yesterday becoming Egyptologists; exploring different many different artefacts and finding out how similar the lives of Ancient Egyptians were to ours.

Next term we will be continuing our learning about the Ancient Egyptians, exploring more about the River Nile and its importances as well as finding out about Tutankhamun and the discovery of his tomb by archaeologist Howard Carter.

Have a lovely half term break.

## Dates for the diary:

- Thursday 26<sup>th</sup> March at 9:30 – Ukulele concert, followed by sharing of learning from this term's project.
