Diamond Class Newsletter

This week we have been writing our orangutan campaign speeches using emotive language which we are recording in front of a green screen. Next week, we will be working on other persuasive skills to write letters about the plight of orangutans and the impact of the production of palm oil.

In maths, we have been learning to use a written division method, applying our times table knowledge. We will be beginning to look at shape and angles next week.

Christmas

Our performances of 'The Apprentice' will take place on **Tuesday 5th December at 2pm** and on **Thursday 7th December at 9:30am**.

End of project outcome

We invite you to join us to share our orangutan campaigns on **Wednesday 13th December at 9:15am**. There will be an opportunity to look at all of your child's learning from this project along with our final campaign videos, posters and letters. This will take no longer than one hour.

Home learning project:

A piece of rainforest project learning has been set on Google Classroom this week and is due in on Monday 11th December. If you are having any problems accessing Google Classroom, please let me know.

Home learning

- Read at least 5 times a week and record this in new reading record books. This will be checked every Friday. There is now a new incentive in place for reading 5 times a week. Every time that your child records 5 times a week reading they will be given a raffle ticket. These raffle tickets will all be placed into a box across the term and at the end of the term one ticket will be pulled out and this child will receive our new 'Reading Star' trophy which they can keep for the term.
- Mathematics – new activities, linked to the learning we have been doing in class, will be added every Monday afternoon.
- TTRS
