

18th March 2022

Happy Red Nose Day!

This week was National Science Week and we have had 3 online science lessons learning about life cycles, mini beasts and climate change. We got to watch the live births of a lamb and a calf! We have also carried out an investigation to find out the effect of different liquids on our teeth, making sure our test was fair.

End of Project Invitation

I would like to invite you to our Ancient Egypt Exhibition which will take place on Wednesday 6th April at 3pm where the children will be able to show off their project learning from this term.

If you would like to come in to class to have a look at your child's books prior to parents evening, you are welcome to come in on Friday 25th March at 3pm.

TT Rock Stars

Please keep up with your times table practice at home. In school we have been playing games to practise our speed of recall. Look out for a TTRS battle coming soon!

Have a lovely weekend,

Miss Dent
