

Emerald News

This week the children have written as though they are Wilbur the cat from one of our Winnie stories. The children wrote in the first person using 'I'. Wilbur was a naughty cat maybe you should ask them what they did. Some children had a focus of trying to include phase 2 tricky words linked to our phonics this week.

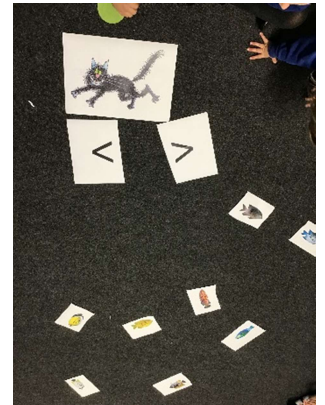

The children voted as to who the Year 6 captains should be for the Houses in our school, Archers, Potters, Brewers and Weavers. There were also many children in our class who wanted to be the school council reps so we had to pull names out of the cauldron to decide who the two were going to be!

The children learnt about 'The Lost Sheep' parable this week and we talked about the message of 'not giving up'. It was great to hear the children linking what they have been doing like the farmer to not give up on things in their own lives.

Maths this week we started to use symbols $<$ $>$ $=$ and use the language more, greater and less than to compare numbers. The children were looking at the tens in numbers to decide which was more or less. Some children liked to remember which way the symbol went to imagine Wilbur the cat eating the greater number. It would be great to practise at home asking which number is more or less or equal.

We have been practising a song to share with you for the Harvest celebrations we hope you like it, it will be shared with you next week on Google Classroom.

It is early but we have created a Christmas card design this week to be sent off to be printed onto cards and other goodies you can buy later on in the year!

Have a great weekend!

Miss Tyler 😊
