

## Emerald News

This week in **English** we have become authors writing our own Winnie stories based on the book 'Winnie's Dinosaur Day'. We have made small changes to create our own versions and have been working hard over the week to include the grammar feature ('and' to join ideas) that we have been practising as well as trying to remember our punctuation.

In **Maths** we have been recapping our addition and subtraction skills that we have been learning to play turn taking games with each other.

In **History** we applied our learning about timelines and ordering events from last week to the life of Mary Anning. We sequenced six pictures to show key events in Mary's life and we will be using this to create our own comic strips.

In **Science** we have been learning about what different animals eat; carnivore, herbivore and omnivore. We have looked at dinosaur coprolite (poop!) and have been conducting our own investigation to find out which dinosaur was carnivore, herbivore or omnivore by what they had eaten.

Have a lovely weekend,

Mrs Grainger
