

Emerald News

Over the last couple of weeks we have been learning split digraphs a_e, e_e, i_e, o_e and u_e (pronounced u_e like cube or June) in phonics. We have to split up the letters with one sound because they are naughty. The children have been human words to help learn the new sounds making sure they split up the naughty twins.

In geography we have been learning about the directions North, East, South and West. We have also been sorting different physical and human features of the world. It would be great to be spotting these as you are out and about.

The children have had a go at writing sentences using 'and' as a compound and are beginning to get familiar with the story of the 'Snail and the Whale' through acting and drawing storyboards. If you read a newspaper at home then sharing this would be useful to their learning next week.

We will be selling Christmas items after school Monday 9th December NOT at the Christmas fair this year.

We will be selling artwork based on Van Gogh's sea scape the children are creating and snowmen magnets made of clay! If you would like to buy the two together it will be £5. All money goes towards the children's learning resources and environment immersion!

Christmas performance dates: Monday 9th December @2:00pm

Wednesday 11th December @10:00am

Miss Tyler 😊
