

# Emerald Class Newsletter

## 26.1.2018 – Term 3

### What have we been learning?

This week our clown 'Buttons' went missing and the children used their knowledge of adjectives and adding the suffixes –er and –est to write a detailed description of him for the rest of the school to help us find him. Will you let us know if you see him?

Also the children have consolidated their skills of multiplying and have begun to apply their knowledge of methods to worded problems. During the PE with Miss Tyler and Mrs Barry over the last couple of weeks the class have focused on balancing and different ways of travelling in their performances. We will be adding different moves and skills to their routines each week to lead up to our learning circus.

In geography this week the children used Atlases to label the continents on a world map. Next week we will continue to look at the differences between them.

### Guided Reading

This week the children have been focusing prediction and inference questions.

### Mental Maths: Number bonds to 20

**Example:** Can you recall number bonds to 20?

Adult: 6    Child: 14

### Next Week

We will begin to explore division and continue with measurement in height and length. Also the children will be trying out syllables of words linked to plural –s and –es.

### Dates for you Diary

Learning Journal Share –

Monday 5<sup>th</sup> February @ 2:45-3:15

Thursday 8<sup>th</sup> February @ 2:45-3:15
