

Emerald News

What a great first few days back! Your children have been so wonderful and ready to get stuck in, it has been a pleasure to meet them all. I am so impressed the way they have adapted to new routines and rules due to the current situation. I also want to say a huge thank you to the families as you have been so great and understanding with everything including drop off and pick up times.

In the short time we have spent together we have been up to quite a lot. We spent some time going over the school rules and any questions the children had about the virus. Jigsaw Jack our PSHE teddy has helped us to have discussions about any worries or thoughts we had about coming back to school. The children were great at telling Jack how to be safe in school.

We have started to recap a few things like phonics and ordering numbers. They thoroughly enjoyed playing splat the sound! When a sound is called out, the children have to splat it when they see it!

The children have created collage witch's hats which are now up in the classroom looking brilliant, I will upload a photo next week.

We listened to music and drew pictures to represent what the song reminded us of. We have had a go at writing about Winnie the Witch and started to discuss describing words!

Next week on Monday we will be kicking off our project properly and it would be great if your child could bring in a stick only if you are out and about. I suggest it is no thicker than 2 cm, no longer than 30 cm and no shorter than 15cm.

Miss Tyler 😊
