

# Emerald News

Our Friday **PE** this term has been gymnastics. Last week we looked at symmetrical movements and practiced slides, rolls and cartwheels to travel symmetrically.

In **Geography** we have been finding out information about our focus European country, Italy. The children enjoyed accessing the website we have suggested for home learning and used their computing media skills to create a fact page. In **DT** we have been learning about hygiene and food preparation techniques. We practiced knife techniques – bridge cut, claw slice and secure with fork as well as ensuring we could set an analogue scale and measure liquid.

In **Maths** we have been learning about division using our times table knowledge to solve questions. We have been solving word problems and working on our reasoning skills to be able to explain our understanding using mathematical language – a very important skill as we move through the juniors. In **English** we have been creative writing to invent a new chapter for our book where Tomas takes his dragon, Flicker to school.

Date to remember: **Wednesday 6<sup>th</sup> April, 2.45pm** in the hall - join us for our end of project outcome to see our fantastic learning.

Have a lovely weekend, Mrs Grainger.
