•

# Jet Class

- Please let us know if someone different will be collecting your child.
- To make it a little easier to safely match all of the children to their parents, please could you ensure you come into the playground and either wait in front of the small wall or by the garage doors.
- Please read the newsletter which is put onto the school website each week, as this provides information of learning for the coming week as well as any messages we need you to know.

# Independence

- Children need to be responsible for their own belongings: book bag, reading books, homework, and glasses!
- We will open the doors to school at 8.55, the children will need to self register and will either have editing to complete or handwriting to practice.
- We would like the children to place their book bags into the wooden box if they need their book to be changed or into the coloured house box if they would like it for another night.
- Please let your child know if there is a letter/note in their book bag which needs to be handed in and for them to do that job.

•

# Curriculum

- Our learning is cross-curricular and we take into account the interests and needs of the children. We aim to make it as creative and inspiring as possible.
- Our project question is 'Will your senses come alive? Where we will be learning all about jungle animals, endangered animals and India.
- Children will be learning skills at the appropriate level. When learnt and used confidently, these will be monitored and assessed in all subjects.
- Non negotiables are expected in their learning. These are important to support children's understanding of expectations.
- WAGOLL, peer critique, purple learners, diamond powers and Elli are used daily in our classroom.

# English

- We carefully link our English into our mini outcomes and projects to create a more immersive learning environment and to give the children a purpose to their learning. There will often be a hook for their writing (a reason for doing it!)
- Children will regularly review, edit and set learning targets to focus on how to improve as readers and writers.

# English

## How you can help:

- Please encourage your child to read **at least 5 times a week** and discuss the contents of his/her reading material with them.
- **(You can use the questions provided on the reading sheet)**
- Please ensure spellings are learnt. New spellings will be sent home weekly to learn for the following week.
- We will regularly issue books on bug club and will let you know via our class newsletter if one has been issued, please ensure your child has had the opportunity to read them.

•

•

# Maths

- We carefully link our Maths into our mini outcomes and projects to create a more immersive learning environment and to give the children a purpose to their learning. We try to use real life maths problems for the children to solve.
- Maths includes mental arithmetic, practical challenges and a range of activities to support the children with the next steps in their learning.

## How you can help:

- Carry out practical activities involving measurement, money, shape and telling the time with analogue and digital clocks.
- Encourage and help your children to learn their number bonds and counting in 2's, 3's, 5's and 10's.
- Completing set activities on Mathematics.

## HOMEWORK / HOW YOU CAN HELP YOUR CHILD

- Children may be given something specific that they need to work on / practice. Please support them with this.

Children will be expected to:-

- **read daily** to parents/carers and discuss the contents of his/her reading material.
- share a range of books with their parents/carers
- learn spellings
- learn common exception words
- Complete any bug club or Mathletics learning.

# Timetable

- Please make sure suitable P.E kit is in school everyday.
- Monday – Computing
- Tuesday –
- Wednesday – PPA –Mrs Gee and Mrs McAleese for P.E
- Friday – P.E.
- We will inform you via the newsletter which days we will be testing spellings and reading of common exception words.
-

- . Tom Robson – Growth Mindset  
(01/11/17 @ 7:00)

- Understanding our school approach – anyone can achieve anything they want to if they have the right attitude.
- All welcome – well worth attending. If you wish to find out more, please speak to the office.

# Any questions?

- We genuinely want the best for each and every child in our class.
- If there is any information you feel may be useful to support them or if you have any questions, please do not hesitate to email us, arrange a meeting or send us an message via the home school communication book.
- We are unavailable for meetings on Wednesday afternoons due to staff meetings.
