What have we been learning?

This week we have been full of super learning, and at last the sun has come out!

Using our class text, 'Leon and the place between' we have written fantastic descriptions using a range of suffix endings and commas in a list- really tricky skills!

In maths, we have been exploring and experimenting with capacity. We made potions using different sizes of containers and we estimated and measured what they could hold. We also learnt that there are 1000ml in a litre and used this fact to work out problems using greater than, less than or equal to.

In computing we have been revisiting algorithms (an algorithm is a sequence of instructions). We took turns navigating a partner around the classroom and then we followed an algorithm in groups to see where we would end up.

Next Week

In Maths we will be looking at missing number problems.

In English we will be preparing interview questions to interview grandparents on Wednesday, we are then going to use our answers to write a chronological report.

In Science we will be hoping to grow some wild flowers in our new vegetable patch in Shaun's garden.

Spellings will be tested on Mondays, thank you for remembering your books.

Important information

If you are able to come in and help us plant seeds on Monday or Tuesday afternoon, please let us know!

Please can you get your multi skills trip letters returned as soon as possible.

We'd like to start show and tell on a Tuesday afternoon to allow the children opportunity to speak about something they're passionate about, i.e. a hobby, a sporting award, photos from a trip or special occasion, or they may want to show us something they can do- i.e. a magic trick, martial

arts etc. Below is a rota for when children will be able to bring in something special from home and put it in our special, treasure chest. (Items need to be able to fit into a shoebox ideally!)

Please keep this rota safe or note down your child's week!
