## 06.12.2019

### What have we been learning?

This week, we have been building upon our subtraction skills to subtract a single digit number from a two digit number. We used numicom, number lines and other methods to subtract. We have also been solving missing number subtraction methods.

We have started our last mini outcomes 'Who's in the news?', we have looked at a range of different questioning words- who, what, where, when, why, how and which. We used these to write interview questions to ask the children from the story 'The Snail and the Whale'.

In Geography we compared Wickwar and Bamburgh (where Grace Darling lived) to see which similarities and differences there were by looking closely at the human and physical features.

### Next Week

In maths we will be looking at both 2D and 3D shapes and will be investigating how many sides, corners, edges etc. We will also be able to name them all confidently.

In English, we are going to be orally rehearsing our interview questions we wrote this week. We will be taking on different roles of the reporter or the children and thinking of appropriate answers for the questions.

### Other News

We can't wait for you to come and watch our Christmas performance next week.

Monday 9<sup>th</sup> December- 2pm

Wednesday 11<sup>th</sup> December- 10am.

We also have our Christmas Sale on Monday 9<sup>th</sup> December after school. We will be selling the children's own Van Gogh Seascape paintings for £3.50. We have tweaked our prices for the reindeer jars and these will now be reindeer Marshmallow treats £2:00 for large jars and £1:50 for a small jar.

You could buy both items for £5.
