What have we been learning?

Wow, what a busy first week! We loved our project launch morning being dressed as magicians, witches or wizards. We created our own magical potions and carried out magical investigations and tricks. We were very lucky to be visited by Mrs Shovelton and her daughter Claire to help us create magical willow wands and crowns.

We have read and explored our class text 'Leon and place between' through hot seating, imagining we stepped into the place between and creating a word bank to use in our learning.

In maths we have been investigating height and length through practical problem solving and reasoning challenges using our magical maths skills.

Next Week

Using our class text 'Leon and the place between' we will be using our imagination to describe the setting using our senses and develop our expanded noun phrases.

In maths we will be moving onto weight and capacity through magical learning.

We will be studying the work of the artist Rob Gonsalves and his magical artwork using 'see, think, and wonder'.

Important information

As part of our history focus 'Changes in living memory' we would love to have grandparents or great grandparents come into Jet Class to talk about their childhood, focusing on food, toys, school and clothes. If you know of a grandparent that would like to come in to talk about their life please let us know. Our history morning will be on Wednesday 25th April 2018

Please ensure all Multi skills letters are returned to school ASAP.
