

Jet Class Newsletter

Another great week in Jet Class. In English we have been writing our innovated stories of 'Hom'. We have been applying our grammar skills, focusing on extended noun phrases, past progressive and subordinating conjunctions.

In Maths we have been applying our division skills through sharing and grouping. We are dancing in P.E this term and have completed our 'friends' dance. We worked on our partner skills, following a leader, matching movements and turning together in time with the music.

In DT we have investigated 4 different mechanisms for wheels and axles. We looked at fixed and freely moving axles.

Coming up next week	Ways to support at home
In English we will be writing setting descriptions describing Hom's desert island.	Reading x 5 a week
In Maths we are investigating fact families and commutativity.	Practise weekly spellings.
In DT we are making the chassis for our moving vehicles and adding our wheels and axels.	Mathletics task:
	Multiply and divide

Key dates coming up:

Parents evening - Tuesday 1st April and Wednesday 2nd April.

Jet class project outcome and recorder concert for parents – Thursday 3rd April
