

Jet Class Newsletter

13.10.23

What have we been learning?

Last Friday we were extremely lucky to have a visit from Claudia Fragapane the British gymnast. The children were amazing and very excited to learn new gymnastics skills from a professional

Jet class have been busy finishing their persuasive letters to Farmer Brown this week in English, we have been re reading and editing our letters by correcting our spellings and grammar. We have also been applying our knowledge of co ordinating conjunctions to write compound sentences about the story 'Click Click Moo'.

In Maths we have moved on to adding two two digit numbers not crossing the tens. We have been using a range of manipulatives to support our learning including the dienes and numicon. We also used the part whole model method to solve missing number sentences.

We have been busy learning a variety of farm animal poems with Mrs Barry and performing them to each other in small groups. Ask us to retell our poems to you at home!

In Art we have been adding colour to our David Hockney inspired pictures, we have been making them colourful and bright using pencil crayons. We have added lighter and darker tones to our landscapes.

Next Week

We will be combining our English and History learning together to research and plan ideas about the History of Wickwar ready to write an information text after half term.

In Maths we will continue to develop our understanding of two digit addition using the number line method and partitioning.

In Art we will be putting the finishing touches to our David Hockney inspired art work to complete our mini outcome 'What can I see?'.

Home learning

Home learning has been set on Mathletics this week, please support your child to complete any learning they been allocated.

Important Dates

Parents evening
Tuesday 17th October
Thursday 19th October

Now that the weather is changing please make sure your child has a coat in school for break times as they will be going outside even if it is raining.
