

## Jet Class Newsletter

In English this week we have been working in teams to produce informative posters on Mother Teresa. We have used all the information that we have gained in our History lessons this term to write about this special person.

In ICT we have been investigating how light effects the quality of digital photographs. We used ipads to take photos of the same object in different places and then scored each photo.

We all enjoyed Sports Day and we were super happy the weather held up for us!

Key Dates to Remember:

Start of Term 4 - Monday 1<sup>st</sup> June

| Coming up next week                     | Ways to support at home  |
