## What have we been learning?

This week we have been learning all about Mary Anning, we have read stories and watched a video about her. With all that we learnt we brainstormed and boxed up our ideas in groups. Thinking about why we remember her and what she did.

In maths we have been investigating fractions, looking at whole, halves, quarters and thirds. We have been using fractions with both shapes and numbers.

In Geography we have continued to work on our knowledge of human and physical features and tried to spot which human or physical features we could see in photographs of both Wickwar and Dinoland.

In Guided Reading, we have been looking at the vocabulary the authors have been using and thinking about what the meaning of different words are. We have also considered why the author chose to use that word and if we could think of any other words which would have been even better to use to grab the imagination of the reader.

When your child is reading at home, maybe this vocabulary investigation could be continued?

## Next Week

We will be using all of the information we have gathered to complete one of our mini outcomes 'Who was she?' to write a biography about Mary Anning.

We will also be starting a 4 week block on another of our mini outcomes 'Who is coming', to create a dinosaur themed piece of music, creating a musical score and playing un-tuned instruments to perform to our friends.

In Maths, we will be continuing to develop our knowledge of shape.

## Other News

We will be holding a short SATS meeting on Friday 22<sup>nd</sup> March 2019 at 9:15-9:45am in Opal room.

Berkeley Castle Whole School trip – Thursday 21st March 2019. If you haven't returned your reply slip please do ASAP.

Please complete the comprehension homework in the purple home school book.
