

## Jet Class Newsletter

15.10.21

### What have we been learning?

Wow! What an amazing trip we had to Bristol Aquarium. Jet class were impeccably behaved as always and an absolute pleasure to spend the day with.

We had an exciting tour of the Aquarium, all had a go at feeding the sea creatures and learnt all about pirates. In the afternoon we had the opportunity to work with a local artist to create a large waterfall using recycled plastics, that will be displayed in the Aquarium.

On Monday we enjoyed a cricket session with Gloucestershire County cricket, the children loved it and the instructor commented on how well Jet class listened and followed instructions. Well done Jet class.

### Next Week

We will be writing recounts of our trip to the Aquarium using time conjunctions (first, next, then, after, finally) and applying our learning of compound sentences.

In maths we will be focusing on one, two or three less than a given number.

We will be putting the finishing touches to our DT moveable pictures, fixing our lever or slider sea creature to the picture.

### Home learning

Home learning has been set on mathematics for your child to complete focusing on numbers to 10.

Please support your child to achieve their reading 'FIVER' each week. This can be achieved by them reading their school reading book to you or you sharing a book together from home. Remember to initial when your child has read in their home school book.

Parents evening - Thursday 21<sup>st</sup> October  
Thursday 4<sup>th</sup> October

There will be another date available, we will let you know ASAP when that will be.
