What have we been learning?

We really enjoyed our WOW morning discovering an alien crash site and constructing our own rockets.

This week we have been developing our grammar skill focusing on expanded noun phrases. We have been using them to write descriptions of aliens.

In ICT we have been using the learn pads to create our own space pictures using the workspace programme.

Next Week

We will continue to develop our mental maths and fluency. Counting in 2's, 5's and 10's forwards and backwards.

In P.E we will be creating our own space dances.

In Art we will be developing our painting skills, mixing different tints and tones.

Important information

Please practice counting on 2's, 5's and 10's forwards and backwards.

Check your child's home learning book for home learning.

A Bug club book has been allocated to each child.

Please let us know if you would like to be a parent helper.

Free readers can bring their own book in from home to read.
