### What have we been learning?

We had an amazing time on our whole school trip to Berkeley castle, the children and staff thoroughly enjoyed themselves. We created crowns and tiaras, dressed up as dragons, princesses and knights and had a fabulous tour of the castle. We loved finding the children's dragons hidden around the castle on the dragon hunt.

In English we have been learning about apostrophes for possession and contractions and have been applying these in our dinosaur poems and Berkeley castle recounts.

In maths we have started exploring data handling, reading scales and charts to interpret information.

Our dinosaur sunset pictures are all complete, we hope you enjoyed looking at them during parents evening. Thank you for coming to parents evening and your continued support with home learning.

### Next Week

In maths we will be continuing to develop our data handling skills through ICT.

In P.E we will be starting to practice for sports day through athletics. Please ensure full P.E kit is in school every day.

We will be reviewing our learning for our dinosaur theme.

### Home learning

We think we have sorted the problem with the children having all the times tables allocated on time tables rocks and they should now just have the 2, 5, and 10 (some 3) allocated in the garage. If there is still a problem please let us know.

Maths home learning will be coming home tonight in the purple book on fractions.

INSET day - Tuesday 23<sup>rd</sup> April 2019

Sports day – 21<sup>st</sup> May  
Reserve sports day - 23<sup>rd</sup> May
