

## Jet Class Newsletter

Jet Class have been researching arctic animals this week in English just like Dr Morley! We have been planning our fact sheets writing facts about the animal's appearance, habitat, how they adapt to their environment and wow facts! In Maths we have been developing our skills to tell the time to 5 minutes intervals past/to the hour. In Art we are creating a piece of artwork for the Spirited Arts competition based on the theme 'Green faith, Green future'. We have been sketching pictures of the world's animals and nature. In P.E we have been busy practicing for sports day and the girls have been enjoying their football skills sessions.

Key dates coming up:

Optional KS1 SATS (not reported) - May 2024 (the children will be completing these throughout May in small groups in class)

Sports Day - Wednesday 22nd May (AM only)

Last day of term - Friday 24th May

### Coming up next week

In English we will be writing our Arctic animal fact sheets using all the information we found out this week. We will be applying our knowledge of suffix endings and organising our writing into sections.

In Maths we will be applying our knowledge of time to compare and sequence events.

In Art we will be putting the finishing touches to our spirited arts artwork adding colour and detail.

### Way to support at home

Thank you for supporting your child to learn their times tables, they all did really well last week with their assessment.

Please support your child to tell the time on an analogue clock. (5 minutes intervals)

Mathletics has been set on telling the time.
