What have we been learning?

09.11.18

This week in English the children presented their homework to the class and shared their more interesting facts with everyone. We were very impressed with all the effort and hard work that went into this 😊

We organised our facts and planned letters to Tim Peake, using our FANBOYS conjunctions and information. We will write these up next week.

In Maths we have been comparing and ordering numbers, revisiting our tens and ones language. We are also beginning our moon buggies so have been measuring wood ready for us to saw!

For homework this week please can you work with your child to identify the values of different coins. Here is a game you can play with them:

<https://www.topmarks.co.uk/maths-games/5-7-years/money>

Also this week we have been exploring the different lines and tones you can create with a pencil and used this to shade a rocket.

Next Week

It is anti-bullying week so we will be exploring this in class.

We will have our life bus session on Tuesday 13th.

In English, we will be writing our letter to Tim Peake using all our facts from our homework.

In Maths we will be looking at our number bonds to 10 and 20 and their related facts using subtraction.

In Science, we will be investigating forces.

In Art we will be continuing with our planet pictures.

Important information

Our coffee morning will be on Monday 26th November at 10am. This will be an opportunity to see your child's work and share their learning.

We are also asking the children to bring a toy to donate. We will collect these and give them to a local charity shop. This links with our story –Toys in Space.

If you are able to help set up please let us know.

Christmas fair: 7th December

Christmas performance am: 12th December

Christmas performance pm: 13th December
