## What have we been learning?

We have had a fantastic first week back, after nearly 6 months apart. We have all been so proud of the children and how they have come back into school, full of confidence and big smiles. They have showed super adaptability to the changes and routines in school.

The children all loved coming back into our new jungle immersed classroom. Have a look at the photos of our room! The children really enjoyed finding their lockdown photos on display. We had a super speaking and listening session where the children told their friends about their special memories from our time apart.

Our new project which will run from September until December is called 'Will your senses come alive?'. This project will have a jungle theme and we will be using the text The Jungle Book. We will also have a big focus on science, exploring animals. We will learn all about a contrasting country to where we live by investigating the country of India.

### Next Week

On Monday, we will be having our WOW day to launch our new project. We will be having a craft day and we will provide everything the children will need.

In maths, we will be investigating different ways of identifying and representing different 2 digit numbers.

In Music, we will be listening to different jungle pieces of music, and discussing what we like and dislike about the pieces and what it reminds us of.

In Grammar, we will be starting to look at noun phrases.

### Other News

The children will need to come into school on a Monday and Thursday in their PE kits.

From now on, the home learning for the children will be added to Google Classroom. You will find the home learning under 'Home Learning- Term One'. The first home learning challenge will be added on Friday 4<sup>th</sup> September at 3:30pm.

Please make sure that your child has their art apron/old t-shirt in school by Monday 7<sup>th</sup> September as we will need them for our Wow craft day.
