What have we been learning?

The children had a lovely day on Wednesday participating in Sports Day. Luckily the weather got better and better as the day progressed and we were able to enjoy the day fully. We were really impressed with how sensibly the children behaved, especially as it was their first Sports Day in front of an audience. They showed great sportsmanship and it was lovely to see them cheering on and congratulating their classmates.

In English this week we have started a new class story, 'Trust Me, Jack's Beanstalk Stinks!' The story is a twist on the original traditional tale of Jack and the Beanstalk, but told from the Giant's point of view. We had great fun playing a drama game called Conscious Alley. The children are posed a question relating to the story and have to debate what they think the best course of action is and why. The children gave impressive, thoughtful answers and listened well to each other's point of view.

In ICT we have been learning about algorithms. In Music we have listened to songs belonging to the rap genre. We learnt a new song Hey You! And performed it with actions. In Science we are continuing to learn about plants and learnt the name and function of different parts of a plants.

Next Week

In Maths we will be starting to look at time and reading o'clock and half past times on an analogue clock.

In English we are learning to orally retell the story of Trust Me, Jack's Beanstalk Stinks. This will help the children enormously when they come to write their own traditional tales with a twist in a few weeks.

Home Learning

Everyone has been assigned a task on Mathematics this week. It is focusing on the multiplication and division skills we learnt last term.

Please continue to use Bug Club to further support your child's reading at home alongside their home reading book. As we will not be sending home spellings this week, please use the time to practise reading and spelling the Year 1 Common Exception words. These are available on [Google Classroom](#).
