

Jet Class Newsletter

This week in Jet the children have been busy planning their innovated versions of Leon and the Place Between. In Maths they have been developing their knowledge of fractions to find $\frac{2}{4}$ and $\frac{3}{4}$ of shapes and amounts. On Tuesday the children enjoyed a taster session of Curling and Boccia. It was great to see the children engaged and enjoying these different sports.

Key dates coming up:

PE days continue to be on Wednesday and Fridays next term.

Coming up next week Learning focused	Way to support at home (home learning)
<p>Next week in English the children will be writing their innovated stories of Leon and the Place Between</p> <p>In History we will continue learning about Mother Teresa and why she is significant. The children will be learning on more depth about throw she helped the needy in Calcutta.</p> <p>In Science we will continue to develop our understanding of food chains.</p>	<p>Reading x5 a week</p> <p>Please continue to practise spellings daily. Ask your child to apply the words in sentences if they are easily spelling the words.</p> <p>Thank you for the wonderful home learning on habitats. The children are enjoying sharing these in class. Please send in any outstanding home learning by Wednesday next week for sharing.</p>
