09.1.19

A huge Happy New Year to you all and a big thank you for all the lovely Christmas presents and cards we received.

What have we been learning?

We have had an exciting first week back, kicking off with our amazing dinosaur Wow day. The children spent the day making salt dough fossils and dinosaur eggs. We wrote dinosaur shape poems and went on a dinosaur hunt.

In English we have been applying our noun phrases, conjunctions and commas to write complex sentences describing our dinosaur land setting. We used our senses to imagine what we could hear, see, smell and touch.

In maths we have been consolidating our subtraction skills finding change from given amounts. Please use the links below to practice subtraction skills at home.

Next Week

In art we will be experimenting with pastels and pastel techniques to begin to create our dinosaur silhouette pictures.

In English we will be planning and describing our own story settings using noun phrases and commas.

Important information

There are also lots of mental maths learning on mathletics that will help your child develop their knowledge of addition and subtraction facts, please use mathletics at home to support your child's learning. If they achieve their bronze certificate, send it into school and they can show Mrs Williams to celebrate and we will move them to soaring high.

Spelling will now be tested on a Thursday. Please continue to support your child in learning their weekly spellings.
